Our Litigation and Dispute Resolution Practice

Background and Expertise

One of the leading law firms in India in this practice area, we started out with a dispute resolution focus, and while we have diversified into a full-service law firm with a broad spectrum of practice areas, this remains one of our key focus areas and we provide complete representational and advisory services to our clients. Our Litigation and Dispute Resolution team brings a deep understanding of client businesses and a pragmatic and commercial perspective to dispute resolution.

We represent clients in corporate, commercial, constitutional, and other general litigation before various courts, tribunals and commissions across the country, and we help our clients devise strategies to achieve their business objectives by employing the expertise of a highly specialized team of legal service professionals. We are well recognized for our experience with complex arbitration matters, and we regularly represent and advise clients on institutional and ad hoc arbitration, and on pre and post-arbitration litigation. We also have a well-established mediation and conciliation practice.

Dentons Link Legal also advises and represents clients in matters of regulatory policy and law across various sectors, and we support and actively work towards the expeditious settlement of disputes, which facilitates and promotes business development.

Having represented clients in various headline-making disputes, we have maintained our strong presence in the practice area, and over the years we have developed and sustained a diversified client base to include companies, institutions and individuals across sectors such as construction, infrastructure, aviation, media & entertainment, sports, pharmaceutical, real estate, FMCG and intellectual property.
